## MAY AMNESTY PROGRAM

Is your dog license more than (60) days overdue?  
(\$30) Late Penalty waived for one month only!

### Why did I receive a late penalty?

All dogs over the age of (4) months old must be licensed (or licenses renewed), within (60) days living in the City of Long Beach. You are eligible for a (\$30) late penalty if your license is (60) days overdue.

### How do I receive my waiver?

Pay your dog license by mail or in person at Animal Care Services between **May 1-31, 2010** and your one-time late penalty (\$30) will be waived. *You must request credit to receive waiver. Mail must be postmarked May 1-31, 2010 to receive waiver. Refunds will not be granted for previous violations paid.*

### What happens if my license is expired?

License Inspectors will be going door-to-door to check license and rabies information. You may be subject to a late penalty and citation:

- (\$100) no rabies vaccination
- (\$50) no current license

### How do I make my license current?

All dogs over the age of (4) months must have a current rabies shot and pay license fee (LBMC 6.08). Fees are (\$20) altered and (\$90) unaltered. Spay and neuter your pets and save!

### Why is my late penalty waived this month?

Long Beach is celebrating national "Be Kind to Animals Week" all month long. To encourage responsible pet ownership, the Long Beach City Council authorized this one-time opportunity to make licenses current.

### Where can I get my animal vaccinated?

Contact your local veterinarian, or visit an upcoming low cost clinic. Visit [www.longbeach.gov/acs](http://www.longbeach.gov/acs) for more information.
